EMPLOYMENT HISTORY / EXPERIENCE

DATA ANALYST

Excel, SQL, Power BI

JULY 2026-present

- Financial performance dashboard (Excel): Built dynamic financial models with XLOOKUP and PivotTables to track sales and expenses over several years and flag variances.
- Customer retention analysis (SQL): Queried and restructured databases to understand user behavior and identify churn and turned them for faster reporting.
- Interactive reports (Power BI): Built automated, user-filterable report that let terms monitor key figures and make decisions without analyst support.
